

BEWARE Face & Finger Attendance Machine

Model: BW-F630-BM

Product Overview

The BEWARE Face & Finger Attendance Machine offers secure multi-biometric authentication with face, fingerprint, RFID, and PIN access. Featuring fast recognition, large storage capacity, and USB/TCP-IP connectivity, it ensures efficient and reliable attendance management for offices, schools, and businesses.

AI-Based Identification

Biometric Verification

RFID Access

PIN Authentication

2.8" TFT Screen

Data Transfer

KEY FEATURES

- **Dual Biometric Authentication** - Face and fingerprint recognition support.
- **Fast Identification Speed** - Verification in less than 1 second.
- **Large User Capacity** - Supports up to 1000 faces, 3000 fingerprints, and 30,000 logs.
- **USB & TCP/IP Connectivity** - Easy data backup and network integration.
- **Multiple Authentication Modes** - Face, Fingerprint, RFID Card, and Password.

TECHNICAL SPECIFICATIONS

CAPACITY	
Face Capacity:	1000 Users
Fingerprint Capacity:	3000
Card Capacity:	3000
Password Capacity:	3000
Record Capacity:	30,000 Logs

IDENTIFICATION	
Authentication Modes:	Face / Fingerprint / RFID Card / PIN
Identification Speed:	< 1 Second
Verification Type:	1:N and 1:1

DISPLAY & INTERFACE	
Display:	2.8" TFT Color LCD
Voice Prompt:	Supported
Language Support:	Multi-language

COMMUNICATION	
Network:	TCP/IP
USB Port:	USB Flash Drive Data Transfer
Wi-Fi:	Optional

ACCESS CONTROL	
Relay Output:	Supported
Door Lock Integration:	Supported

ENVIRONMENTAL	
Operating Temperature:	0°C to +45°C
Humidity:	20% - 80% RH

TECHNICAL SPECIFICATIONS

PHYSICAL DETAILS

Dimensions:	17 × 3 × 17 cm
Weight:	Approx. 450 g
Material:	Durable Plastic Body
Mount Type:	Wall Mount
