

# BEWARE 3+1 Supreme CCTV Cable (Full Copper) – 90 Meter

Model: BW-3SPC2-90M

## Product Overview

The BEWARE 3+1 Supreme CCTV Cable (Full Copper) – 90 Meter is designed for professional surveillance installations requiring stable video and power transmission. Built with a solid annealed bare copper conductor, it ensures excellent conductivity, reduced signal loss, and long-lasting performance. Its 3+1 integrated cable structure simplifies CCTV wiring, making it ideal for homes, offices, shops, warehouses, and commercial security systems.

Video + Power  
in One Cable

Superior Conductivity  
& Low Signal Loss

Ideal for Medium to Long-  
Distance Installations

Clear & Consistent  
Video Transmission

Easy Routing &  
Professional Setup

Suitable for Residential  
& Commercial Use

## KEY FEATURES

- **3+1 Integrated Cable Design** – Combines video and power in one cable
- **Full Copper Conductor** – Solid annealed copper for superior conductivity
- **90 Meter Length** – Ideal for medium-distance installations
- **Low Signal Loss** – Ensures stable and clear video transmission
- **Durable PVC Jacket** – Flexible and long-lasting insulation

# TECHNICAL SPECIFICATIONS

CABLE CONFIGURATION	
<b>Cable Type:</b>	3+1 Supreme CCTV Cable
<b>Conductor Material:</b>	Solid Annealed Bare Copper
<b>Conductor Size:</b>	1/0.450 mm ± 0.025 mm
TRANSMISSION SUPPORT	
<b>Video Compatibility:</b>	AHD / TVI / CVI / CVBS
<b>Power Support:</b>	12V DC CCTV Cameras
<b>Signal Stability:</b>	High (Full Copper Conductor)
<b>Distance:</b>	Up to 90 meters
COMPATIBILITY	
<b>Camera Types:</b>	AHD / CVI / TVI / CVBS
<b>Connector:</b>	Standard BNC
<b>DVR Support:</b>	Compatible
INSTALLATION ENVIRONMENT	
<b>Residential CCTV Installations</b>	Supported
<b>Commercial Security Systems</b>	Supported
<b>Indoor Installations</b>	Supported
<b>Protected Outdoor Use</b>	Supported
PHYSICAL DETAILS	
<b>Cable Length:</b>	90 Meter
<b>Outer Jacket:</b>	High-Quality PVC Insulation
<b>Weight:</b>	Approx. 4.2 kg
