

BEWARE AI 26 Face Recognition Attendance Machine

Model: BW-AI26

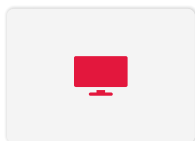

Product Overview

The BEWARE AI 26 Face Machine is a smart biometric attendance and access control system designed for fast, contactless identification in offices, factories, schools, and commercial environments. Equipped with AI facial recognition, a 5-inch touch display, dual camera technology, and multiple connectivity options, it ensures secure and efficient attendance management with reliable performance.

99.7% Accurate Identification

Clear & Easy Operation

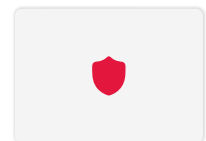

< 1 Second Recognition

Door Lock Integration

Smart Connectivity

Prevents Fake Access

KEY FEATURES

- **AI-Based Face Recognition** – Fast and contactless authentication with high accuracy
- **Large User Capacity** – Supports up to 5000 users and 50,000 records
- **5-Inch Touch Display** – Clear interface for easy operation
- **Fast Recognition Speed** – Identifies users in less than 1 second
- **Multi-Connectivity Support** – TCP/IP, USB, WiFi, and U-Disk compatibility

TECHNICAL SPECIFICATIONS

SYSTEM	
Operating System:	Linux
CPU:	ARM Cortex Dual-Core Processor
RAM:	256MB DDR3
ROM:	4GB Flash Storage
DISPLAY	
Screen Size:	5 Inch Capacitive Touch Screen
Resolution:	272 × 480
CAMERA	
Dual Camera:	2MP Color + 2MP Infrared (WDR)
Recognition Accuracy:	≥ 99.7%
Recognition Speed:	< 1 Second
Recognition Distance:	0.5 – 2.5 Meter
Anti-Spoofing:	Supported
CAPACITY	
Face Capacity:	5,000 Users
Card Capacity:	5,000 Users
Log Capacity:	50,000 Records
Authentication Modes:	Face / RFID Card / Combination
CONNECTIVITY & INTERFACE	
Network Communication:	TCP/IP
USB Port:	USB 2.0
WiFi:	Supported
Data Transfer:	USB Disk / U-Disk
ACCESS CONTROL	
Door Lock Relay Output:	Supported
External Integration:	Electric Lock / Access Controller

TECHNICAL SPECIFICATIONS

POWER

Power Supply:

DC 12V / 1A

Working Mode:

Online / Offline

ENVIRONMENTAL SPECIFICATIONS

Operating Temperature:

0°C - 45°C

Humidity:

20% - 90% RH

PHYSICAL SPECIFICATIONS

Dimensions:

8.2 × 3 × 16 cm

Weight:

Approx. 200 g

Installation Type:

Wall Mounted

Body Material:

ABS Industrial Plastic
